

PROFESSIONAL DEVELOPMENT SEMINAR

Online via Microsoft Teams

30 June – 2 July 2020 (mornings only)

This is an online professional development seminar for designated officers.

Due to COVID-19 we will be running a shortened programme online via Microsoft Teams on the mornings of 30 June – 2 July 2020.

THE SEMINAR WILL INCLUDE BUT NOT BE LIMITED TO:

- Resource Management Act Review – impact for Health and how it relates to 'Health in All Policies' at the strategic level and what can be done at the operational level.
- Urban Development Guidelines – national policy and interagency work, what to try to influence, what changes mean for Health, potential work for DHBs.
- Environmental Noise – advice in relation to RMA Review and Urban Development
- Environment Noise – Assessment of Noise (understanding metrics) in relation to likely public health impacts using different settings e.g. transport, ports sea and air, industry i.e. quarries.
- Interagency Work – collaborative approaches with the RMA system – case studies and application of model.
- Communications – getting the public health message across to one's audience, messages and medium, planning and consultation, using COVID-19 as a backdrop consider the effectiveness of the message and the medium that has been used when communicating with the general public.
- Swimming Pools Refresher – NZS5826:2010 Pool Water Quality, managing quality risks, what PHUs should investigate when risks not managed e.g. Critical Control Points. Key components of a pool treatment system that need to be assessed to check water quality targets are met.

THE SEMINAR STRUCTURE WILL PROVIDE FOR:

- A variety of keynote speakers considered experts in their field.
- Informative lectures discussing the current topical issues
- Syndicate activities and workshops

Registrations for the online course enables up to two people per Public Health Service except for four from Auckland and three from Wellington and Canterbury.

Attendees will require access to a PC or tablet with webcam, microphone and broadband internet, and a separate room where they will not be disturbed during the training.
